Carolyn Coleman, ticket co-ordinator for the chapter, stated that no further tickets could be made available due to the limited seating capacity.

Couples were delighted to learn that Beta Sigma Phi had chosen to sponsor the Valentine Ball this year since no Ball was held in 1974. This year's theme is "Stairway to Happiness." The Frank Coffee Quartet will provide music for the event which will be held at the Avalon Club. With Appomattox enthusiasm, a refined atmosphere, fine music and sorority hospitality the Valentine Ball promises to be one of the finest sponsored by the local chapter.

Flue-Cured Tobacco Stabilization District Meeting

Virginia flue-cured tobacco grower-members of Stabilization Corporation will be meeting in their 17th Annual Session on Feb. 20 at 2: p.m., in South Boston, Virginia. The meeting will be held in the American Legion Building. Arrangements for the meeting were made by Roy B. Davis, Jr. of South Boston who serves as Stabilization's Vice President and Director from Virginia and Fred G. Bond, the Co-op's General Manager. The Co-op's headquarters are located in Raleigh, N.C.

Davis noted that the Stabilization Corp. has completed another satisfactory year of activity with a further net reduction in old crop tobacco inventory. He reported that receipts of 23 million pounds from the 1974 crop were the lowest ever received and that old crop sales reached 193 million pounds, leaving 100 million pounds of tobacco on hand as of January 1, 1975, the lowest since operations began in 1946.

Both Davis and Bond urged flue-cured growers to make every effort to attend the South Boston meeting. They further stated that the program for the meeting has been planned to provide growers not only with the year-end Stabilization report, but reports from other tobacco organizations and agencies which serve growers in the total tobacco program. Ample time for discussion and a brief business session will be provided prior to adjournment. Included in the organizations and agencies participating in the meeting will be Tobacco Associates, Inc., Tobacco Growers' Information Committee, USDA Inspection (Grading) Service, Extension Service, and ASCS.

During the business session, members will also elect the director to represent District #10 growers on Stabilization's Board of Directors for a three-year term beginn i n g June 1, 1975.
